# 1 Introduction

## 1.1 Purpose

This document explains the steps required to fulfil a booking request on behalf of a NUAC member. Before reading further please note that there is a roster of people behind [bookings@nuac.org.uk](mailto:bookings@nuac.org.uk) and they will be able to provide help and assistance assuming you join the roster.

To help new Roster members become familiar with the process once you join you will be able to shadow bookings for a period of time until you are comfortable with what is expected. During this period you could just create bookings for your own usage.

### 1.1.1 Overview

- Bookings are processed by a Roster of NUAC members.
- Each Roster member receives a copy of any email issued to [bookings@nuac.org.uk](mailto:bookings@nuac.org.uk)
- Whomever is available to process a request at a point in time will check our online Booking system for availability and make the booking on behalf of the NUAC member (as per steps outlined below).
- They will communicate the success/failure of the booking request to the requesting member via email (and copy in the booking roster).
- If booking is a success then they will email the partner fishery confirming booking detail (this step is not required by all our partner fisheries).
- Last season the Bookings Roster fulfilled 334 booking requests from 70 out of 118 members.
- Summer months, July/August, are the busiest with up to 50 bookings per month compared to just 15 bookings during December.

## 1.2 Scope

## 1.3 References

This document is based on and/or refers to the following documents:

Access to the above documents is granted to everyone on the Bookings Roster.

## 2 Process Step By Step

The following sections explain each step required to fulfil a booking request.

### 2.1 Bookings Roster

The NUAC bookings process consists of a roster of members who receive a copy of all member booking requests sent to [bookings@nuac.org.uk](mailto:bookings@nuac.org.uk).

Everyone on the Roster receives these emails and whomever is available soonest will process the booking.

### 2.2 Online Documentation

Logon onto NUAC's online documentation hosted by Google Drive to access the Bookings & Membership spreadsheets.

#### 2.2.1 Bookings Spreadsheet

There are 4 worksheets in this document of which only the first, which contains current season's booking calendar, and the Member Look-Up are relevant to fulfilling a booking request.

Search the menus (Alt+/)

The view of the Booking Calendar has a fixed pane at the top that provides a reminder of the Booking Process.

For a given day select the resource being booked in LH cell (from dropdown), in adjacent cell select name (from dropdown) then enter times, contact details in RH cell.
Hall Walk 2 bookings/day, Day Only (No Night Fishing)   BIF 2 bookings/day, 7am/7pm start or end   FILBY boat combination = 8657   NDAA Decoy Broad code = 2343E

## 2.2.2 Membership Spreadsheet

This spreadsheet contains a list of current members and is maintained by the Membership Secretary. This document is only referenced during the Booking Process when a member is not found on the Booking spreadsheet's Member Look-Up worksheet.

## 2.3 Check for Venue Availability

Go to the Booking spreadsheet which should open on the current season's Bookings Calendar.

This worksheet shows calendar view of months & days. Within each day there are columns that contain the following data items (in order from left to right):

1. **Venue** – dropdown list of resources that can be booked
2. **Member Name** – dropdown list of member names
3. **Membership No** – auto-filled cell populated when Member Name is selected
4. **Booking Detail** – editable cell to enter details relating to booking e.g. Start/End time(s) and/or contact details of person requesting the booking

You select required Venue & Member Name from respective dropdown list and then phone number (if provided) and times of booking into last cell.

Apply booking rules manually (as per instructions on website) i.e. only 2 tickets per day at Hall Walk Lakes & Bridge Inn Fishery.

If chosen Venue is Bridge Inn Fishery (BIFprefixed venue code) then will need to make a reservation with Fishery as per instructions in 2.3.1.

Note that if Member is NOT on dropdown member list in Bookings spreadsheet then will need to update Member Look-Up worksheet as per instructions in 2.3.2.

As you type, the entries in dropdown list will automatically be filtered.

Note names are in **surname, first name order** to help identify situations where first name on booking is shortened to the one stated on their permit e.g. Antony to Tony, Richard to Dick. Or they use an alias e.g. Fred Crane is actually Graham Crane (Fred is a nickname)

### 2.3.1 Bridge Inn Fishery Reservation

If booking request is for Bridge Inn Fishery (BIF) then need to make a Reservation via their Booking system

Scroll to bottom and select **Make Reservation** button

Select Resource from list of Main Lake Permit | Pleasure Lake Permit | River Wensum Permit

Then select **Make Reservation**

Page will refresh, complete requested information as follows:

#### Reservation Information

Select Start Time from list of **7am** or **7pm** ← Day booking 7am – 7pm

Select Start Date via Date Picker

Select End Time from List of **7am** or **7pm**

Select End Date from Date Picker

Indicate number of Adults from list (Note only **1** or **2** are valid for NUAC)

Set 1st Person to **Member Name** (First & Surname)

If necessary Set 2nd Person to **Member Name** (First & Surname)

#### Personal Details

Set First Name to **Your First Name**

Set Last Name to **Your Last Name**

Set Address to **“NUAC”**

Set City to **“Booking”**

Set Postcode to **Membership No(s)** of Member(s) ← sourced from Booking spreadsheet

#### Contact Details

Set Email Address to **Your email address**

Set Retype Email Address to **Your email address**

#### Additional Info

**Notes** enter **Membership No.(s)** of Member ← enable Bailiff to x-ref this reservation with Membership No. on their Permit

Set **Voucher/coupon** to **union0101** or **union0202** ← sourced from Booking spreadsheet

Select “I agree with the above terms and conditions” **checkbox**

Select **Make Reservation** ← When you click this button the data you entered is validated and any failures will be flagged via messages under the incorrect data field(s).

If validation succeeds you will be presented with a confirmation screen. Please add this page as a Favourite & label with date & membership no. (this link is not sent to you via the confirmation email).

Add this link & Reservation Number to Bookings Sheet using the Notes cell associated with this booking. Storing this link in the Bookings Sheet means we can retrieve the Reservation if the member wishes to cancel/amend the booking. If you forget to do this or lose the link then you will need to use Facebook Messenger to contact Bridge Inn Fishery and request they cancel the reservation by providing them with the Reservation Id (R prefixed number also referred to as BIF Permit Number in the email confirmation).

You will receive an email containing 3 attachments (Permit with QR Code, Fishery Rules & Invoice); forward this email on to the member to confirm their booking.

## 2.3.2 Add New Member to Bookings Look-Up

A copy of Member Names & their Membership No's is embedded into the Booking spreadsheet (in Member Look-Up worksheet).

This Member Look-Up should be maintained as and when the Membership spreadsheet is updated. However this may not happen and you may find that the Member's Name (of individual requesting a booking) isn't available in Bookings.

In this circumstance go to the Membership spreadsheet, scroll to the far right of the worksheet and copy populated cells in the last 2 columns: Mbr Name (Bookings) & Mbr No (Bookings). DO NOT copy the headings though.

The screenshot shows the 'NUAC-Membership' spreadsheet. A red arrow points from the 'date' column towards the right, with the text 'Scroll Right' overlaid. A red box highlights the columns 'Mbr Name (Bookings)' and 'Mbr No (Bookings)' at the far right of the sheet. A callout box with a red arrow pointing to this area contains the text: 'Copy the cells (ignore the Headings).'.

Return to the Bookings spreadsheet and go to the Member Look-Up worksheet. Paste (Ctrl V) the copied cells from A1 AND then sort Column A into A-Z order.

The screenshot shows the 'NUAC-Bookings' spreadsheet. A context menu is open over the data, with the option 'Sort sheet by column A, A → Z' selected. The data in the spreadsheet is as follows:

### 2.3.2.1 Member Not Found On Membership Spreadsheet

If the Membership Spreadsheet does not contain the Member's name then you can edit Member Look-Up by following steps below. You will need the member to confirm their Membership No. beforehand though (they should know this, if not it means they haven't received their membership permit and are not entitled to make any bookings anyway).

1. Go to Member Look-Up worksheet
2. Add member name (surname, first name) to last empty cell in Column A
3. Add membership number (as provided by requesting individual) to adjacent cell in Column B
4. Sort Column A into A-Z order (as shown in previous section)
5. Continue with booking request

## 2.4 Confirm Outcome to Member

Reply to member (and CC Booking Roster using [bookings@nuac.org.uk](mailto:bookings@nuac.org.uk) so they know request has been picked up).

Confirm if booking was successful or not.

If successful provide links to fishery rules as a reminder that members need to follow them (links as per [nuac.org.uk](http://nuac.org.uk)).

For NDAA bookings provide permit number (shown on dropdown item as per Figure 3) plus gate code required for Decoy Broad & River. NDAA gate code shown at top of Booking spreadsheet (as per Figure 1).

For Filby Boat (aka Trinity Broad) provide padlock code shown on associated dropdown item (as per Figure 3) and shown at top of Booking spreadsheet (as per Figure 1).

See Appendix for examples of email confirmations.

## 2.5 Notify Fishery

If the booking was successful, email fishery point of contact the booking detail; contact details listed at top of spreadsheet as shown in Figure 1. Not all fisheries require confirmation.

For security reasons we don't show members the fishery point of contact email; some people BCC the Fishery into their response to the member, others will forward their member reply onto the Fishery.

See Appendix for examples of email notifications.

### **3 Other Requirements**

As you will have gathered by now to support the bookings process you will need access to the internet and be able to access & run the following software:

You will need to be able to access Google Drive/Google Sheets from a desktop/laptop computer.

Ideally you will also install Google Sheets on your phone/tablet so that you can process bookings when mobile.

## 4 Next Steps

If you would like to join the Bookings Roster then please email [bookings@nuac.org.uk](mailto:bookings@nuac.org.uk).

Once you have indicated you wish to join the Roster the following will happen:

You will be added to the [bookings@nuac.org.uk](mailto:bookings@nuac.org.uk) email forwarder. You will be able to receive bookings and see responses from other people on the Bookings Roster. At this stage you don't have to do anything, you can get a feel for what's involved.

We will also grant you read access to spreadsheets so you can see what they look like. You will receive emails with links to these documents.

Once you feel comfortable with the process then we will give you update access and you can start to make bookings. You could just process your own bookings initially if you want 😊.

You can ask questions of the roster by just emailing [bookings@nuac.org.uk](mailto:bookings@nuac.org.uk).
